PETITION FOR RULE-MAKING

Contemporary Broadcasting, Inc., (Contemporary)
pursuant to Sections 1.401 and 1.420 of the Commission's
Rules hereby requests initiation of a rulemaking proceeding
to amend Section 73.202 (b), the FM Table of Allotments to
substitute Channel 278C1 for Channel 278C2 at Huntsville,
Huntsville, Missouri.

In support hereof, Contemporary shows the following:

Contemporary holds a construction permit issued July
14, 1993, (BMPH-920813IH) authorizing construction of a
new FM station at Huntsville, Missouri, on Channel 278C2.

As shown in the attached Engineering Exhibit, the
proposed allocation will meet the requirements of the
Commission's rules and will allow Contemporary to upgrade
it's proposed operation on Channel 278 from a class C2
to a class C1, resulting in wider coverage and population
served.

The attached engineering report demonstrates that Channel 278C1 can be substituted for Channel 278C2 at this special reference point:

39-39-30
92 13 10

This point is North East of Huntsville, Missouri and will easily provide the required 70 DBU contour over all of the city limits of Huntsville. Use of Channel 278C1 at the special reference point meets all current Commission spacing requirements for that class of channel. No other channel substitutions are necessary in order to achieve Contemporary's rulemaking objective.

If allocated, Contemporary will promptly file a 301 Application for operation of station KTDI on Channel 278C1 and will promptly construct the station upon grant thereof.

For the above reasons, Contemporary respectfully requests that the Commission make the following change in its FM Table of Allotments:

<u>COMMUNITY</u>	<u>ADD</u>	<u>DELETE</u>
Huntsville, Missouri	278C1	278C2

In conclusion, Channel 278C1 can be allocated to Huntsville, Missouri, with no additional disruption or changes to the FM Table of Allotments.

I, JANET P. COX, Vice-President of Contemporary Broadcasting, Inc., hereby certify under the penalty of perjury, that the foregoing Petition for Rulemaking is true and accurate, to the best of my knowledge, information, and belief.

Respectfully submitted,

CONTEMPORARY BROADCASTING, INC.
